

Conclusions

During the assurance engagement, it was confirmed that the data and information are reliable. The accuracy of the disclosed statements and assertions was found to be within acceptable limits. The Company provided a comprehensive and proper presentation of performance on the basis of reasonably documented information as well as that there is an effective data gathering, management and reporting system in place for issues which pertain to sustainable development.

The Provider concurs that the criteria of the GC Advanced Level have been met.

Opportunities for Improvement

Based on the observations and concluding remarks derived from the assurance engagement, the Provider's recommendations for the improvement of the Company's future Sustainability Reports are as follows:

- ☞ Harmonize the procedures and data collection systems of all subsidiaries within the boundaries of the Report.
- ☞ On site visit in more installations of the Hellenic Petroleum Group within the boundaries of the Report.
